January 2020

HAPPY NEW YEAR from all of us here at CroydonPlus! We are looking forward to continuing to grow the Credit Union and looking into ways of helping our members get the most from their accounts.

## SAVINGS AND LOANS

Why not make your New Year Resolution to start saving more? This year saw the launch of our new Christmas Saver Account which is the perfect way to save money ready for next Christmas. If you were to save just £5 per week between now and Christmas this year you could have a savings pot of over £250! This would be there to help you with the cost of Christmas or even to make the long month of January a little easier to manage.

Financial hardship can happen when you least expect it and not having a savings pot when an emergency happens can be a worry. Here at CroydonPlus we are committed to helping our members with financial solutions for all of life's unexpected situations.

We have several loan products available for our members, with competitive interest rates and no costs for paying off a loan earlier! So, whether you are thinking of replacing your car, having some renovations on your home or even to pay an unexpected bill we have options available. Please visit our website or call us to see how we can help.
